

Yasmin

Yasmin is 19 and looking for a college course to help her work in the media.

Yasmin loves hitting the shops with her sister.

Yasmin is Deaf and uses British Sign Language to communicate. She would like to get to know other Deaf young people in her area.

At school Yasmin had a sign language interpreter, but she doesn't know if she can get this for college.

Yasmin can have
4 hours of education support
3 hours of social care support
6 hours of health support

Alex

Alex is 22 and loves films. He has just finished University.

He lives with his parents, but would like to move out and live independently.

Alex uses a wheelchair and has three personal assistants who work for him 70 hours per week.

Alex would like to get a job, but he is also thinking about a supported internship.

Alex does not have an Education, Health and Care plan because he is not in education.

Alex can have
0 hours of education support
10 hours of social care support
10 hours of health support

Max

Max is 16 years old and a football fanatic. He goes to watch all the local team matches.

Max uses a wheelchair and a communication book to communicate with other people.

Max is unhappy at his current school, even though his parents think it's great.

Now that he is 16 he wants to be more involved in decisions about his education.

Max can have

3 hours of education support

4 hours of social care support

7 hours of health support

Zoe

Zoe is 18 and loves partying with her friends.

She has recently finished a college course in ICT and is looking at doing a supported internship with a local IT company.

Zoe has a learning disability and when she was at college her parents made her get special transport.

If she does an internship she wants to travel independently. At the moment Zoe is part of an inclusive dance group but it's quite a long way from where she lives.

Zoe can have

0 hours of education support

6 hours of social care support

1 hour of health support
